who just moved to San Jose this past year. The Mountaineer books have never failed me on great suggestions, and this book is no different. We've gone on a couple of the hikes in here together and they're great! 0 of 0 people found the following review helpful. Five Stars By Big Kahuna 69 Great hiking guide routes. 0 of 1 people found the following review helpful. Just Description By Howard C. Craig I'm sure the authors loved these hikes, but I didn't see that in the hike descriptions. I liked the book, but the books by the Whitehalls were better.

Fully detailed, best-selling hiking guides. These best of the best guides feature full-color photos and maps throughout.

Insightful and interesting. Directions are clear and tight The prose is exceptionally lucid. Not a word is wasted A seductive invitation to explore wilderness neighborhoods to our south. (San Francisco Chronicle) If you're unsure of where to go on foot in search of the Sierra Nevada natural history, 100 Hikes in California's Central Sierra Coast Range, 2nd Edition, may help The detail in this book is more than enough to inspire you to plan a trip and then light out. (California Coast Ocean) Good for any serious hiker or backpacker who wants to survey the region's best offerings. (Reno Gazette-Journal) A handy book for hikers looking to explore new areas Spring's writing is concise and informative. (Fresno Bee) About the Author TOM KIRKENDALL has published a wide variety of books for Mountaineers Books on topics such as long distance bicycling, outdoor family activities and hiking in the Alps.
