not much new info they can give me. It is a fun read and a great coffee book table. A great addition to my Angels Baseball collection. 1 of 1 people found the following review helpful. Lifelong Angel Fan By andrew rodriguez This book goes over some of the basic moments in our history but I was impressed by how many little stories or facts that I didn't know about. The only non-mention I was missing was the PCL Angels, which most people do not know about (perfect chapter for this book, covering dummy coy, hollywood star rivalry, etc) Overall for a fan that knows everything about their team this is a great book to learn even more! 0 of 1 people found the following review helpful. Love the Pewter Color! Not great if you have a narrow foot. By Linda in Apple Valley, CA Really pretty neutral color. Good quality. Unfortunately I have a narrow foot. With no way to adjust the strap over the toe area they are too loose. Okay arch support, but not great compared to other Taos sandals I have bought or tried on.

Inspired by and written for the devout Angels fan, this lively and detailed book explores important facts and figures from the baseball team's storied history. Decades of tradition, victories and defeats, name revisions, and Hall of Fame inductions are distilled into an entertaining list that journeys from one to 100 into what makes a true fan of the Los Angeles Angels of Anaheim. From the essentials, such as the Nolan Ryan era, to the lesser-known tidbits, including the team's origin and what started the Rally Monkey, this book is the ultimate resource to Angels knowledge and trivia and even suggests the best places to eat and drink before a game.
