thought I knew my City inside-and-out! It was refreshing to hear about some hidden gems that I have yet to experience! Hopefully the author considers a yearly update to the book too! Cleveland is such a fantastic place to live; it's so great that someone has documented many of the things that make it so wonderful! I also like how the "things" are well-spread across the various neighborhoods and interests... it makes me want to try some things outside of my normal "comfort zone"!0 of 0 people found the following review helpful. Pretty good, some of these items have 3-5 things ...By Megan LouttitPretty good, some of these items have 3-5 things listed under the 1 item and I think there are a number of things in and around Cleveland that aren't included unfortunately. It did provide a lot of new things to check out that I otherwise would not have known about.0 of 0 people found the following review helpful. Burn onBy HHThere's so much to do in Cleveland; you just have to look for it! Bless Nikki Delamotte for telling everyone where to go to find all of Cleveland's treasures!
