LindyLouWe put this book in our guest room for the holidays, and every guest said how cool it was to see all the things they could do while they were in KC. As 30-year residents, we even found things we didn't know about! Well worth the purchase!<sup>2</sup> of 3 people found the following review helpful. Technical problems with Kindle versionBy Laura FieldKindle version is defective, and only contains first few pages. I had to return it as a result, but then tried again a few months afterwards. Same problem, so I had to return it again. Too bad, because it looks like a book that we would very much enjoy. I hope that someday the technical problems are resolved.
