There are no words on the pages, just pictures, so you have to be a little creative when reading. I bought it mostly because my friend loves Brooklyn. Not the most exciting book. 0 of 0 people found the following review helpful. Great purchase By C. Gillespie Love the vibrant colors! We are creating a Brooklyn Themed nursery and this book will be a great addition. Uses a lot of historical sites in and around Brooklyn to educate the little ones! 0 of 0 people found the following review helpful. book By G. Jessica Leal Munoz great board book, makes counting from 1 to 10 interesting, my son loves it even though I wish it had more colors but it is very sturdy and has taken quite a beating and is still in 1 piece.
