**Karen Foulk : 133 Fun Things to Do in Dallas/Fort Worth** before purchasing it in order to gage whether or not it would be worth my time, and all praised 133 Fun Things to Do in Dallas/Fort Worth:

1 of 1 people found the following review helpful. Updated edition soon to be published. Great book. By ChezKernI originally checked out this book from our local library after moving to the Dallas area. It is really super. It has a one page write-up for all the places the author recommends including driving directions. Very concise. Everything is laid out clearly and you can find what you're looking for quickly without having to search through a bunch of text. I learned about places I would never otherwise have known about. I tried to purchase this online but found that all the sellers are asking twice or more times the original list price for used versions of the book. I contacted the author and she advised that she is in the process of updating the book and it should be out by October. Don't pay double the price for a used version. Wait until October and buy it new. I highly recommend it! She has also published similar guides for Houston, San Antonio and more. I am buying those too.

2 of 2 people found the following review helpful. Lots of Fun Fun Fun By Uncle Mark 1968I used this book last year when I visited Dallas/Fort Worth and I plan on using it again this year. Since I only make one week trips to see my family, I'm sure that I'll be using this book for several years to come! (Or until the next edition comes out!)

2 of 2 people found the following review helpful. 133 Fun Things to Do in Dallas Fortworth By B SlatteryHave used book to find unique attractions in the DFW area. Has help find places we never would have uncovered without the aid of the book. Great resource!
