Scott Elliott : 15 Days in a Blur before purchasing it in order to gage whether or not it would be worth my time, and all praised 15 Days in a Blur:

Have you ever thought about a holiday to Disney World and wondered what it would be like? Are there lots of queues? How much can you fit into two weeks? Do you get to see lots of characters or only a few? There are so many questions and with the cost for the holiday and tickets being so high you want to make sure you get the most of it. Back in 2015 we went to Disney World and you can relive our experience with this book. The book includes a day by

day account of our experience, where we went, which rides we went on and which characters we got to meet. Complete with pictures throughout and even our tips. Of course there is a good dose of humour, fun and lots of laughs thrown in for good measure. If you're thinking of going, already booked or just want to see what we did this book will give you a great insight.
