From ZAGAT : 2009 New York City Restaurants (ZAGAT Restaurant Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised 2009 New York City Restaurants (ZAGAT Restaurant Guides):

2 of 2 people found the following review helpful. Essential Travel ToolBy Dennis DoverspikeThe Zagat guide is as important as a map in New York City, where there is a restaurant in almost every storefront or building (and it includes a very nice map as well although I could not get it to tear out). The information is very accurate and up to date, although I did find there were some errors in credit card acceptance. The food quality and price ratings are very helpful. I usually look for around a 20 in food and a less than 40 in price, and figure that is a pretty good combination for me. Some of the great features are the organization by neighborhood, most popular, and highest ratings. I find the most popular more helpful than the highest ratings, because i cannot afford the highest ratings every night.0 of 0 people found the following review helpful. Gift for NYC-er Restaurant HoundBy JBGift well appreciated, easy to use, gave good info, brought out some unknown places to check out, came in excellent condition and in timely way.2 of 2 people found the following review helpful. More helpful for locals than touristsBy J. LindenIt was helpful only if you knew where you were going or knew the area quite well. As a tourist it didnt help much if you wanted to find a specific type of food in a specific area. One night ended up wandering 12 blocks just to find a reasonably priced italian place in UES.

The surveyors are 54% women and 46% men. 52% are in their 20s and 30s and 48% are 40 and over. No matter the economic climate, New York's appetite for lively dining destinations continues unabated, inspiring ever bolder ventures. For every notable closing, there's another restaurateur waiting in the wings, often joined by an expensive team of architects and designers, and ZAGAT is always there to note the changes.
