From ZAGAT : 2012/13 Long Island Restaurants (Zagat Survey: Long Island Restaurants) before purchasing it in order to gage whether or not it would be worth my time, and all praised 2012/13 Long Island Restaurants (Zagat Survey: Long Island Restaurants):

1 of 1 people found the following review helpful. Great GuideBy Ralph G. TucciI like the booklet because it breaks down the categories into cuisine and locations. It give you an idea of pricing and dress code. It recommends whether reservations are needed. We tested out several of the restaurants and the booklet was very accurate. It also give a "Z" rating which means that it is on of Zagat's favorite. Since we just recently moved back to Suffolk County after living in Queens County for 3 years it caught us up with new restaurants in the area. Don't go to a restaurnat without checking this booklet out.0 of 0 people found the following review helpful. Not nearly as good as their NYC Restaurant guideBy MP from NYIf you are expecting the same quality book that Zagat produces for the NYC restaurant guide, lower your expectations. The number of restaurants reviewed is small, and doesn't include some of long islands best spots. After referring to on several occasions, I became frustrated with the quality of the reviews, and the lack of how many places were reviewed.0 of 0 people found the following review helpful.
