**National Geographic Maps : 207- Grand Canyon National Park, AZ (Ti - National Parks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 207- Grand Canyon National Park, AZ (Ti - National Parks):

0 of 0 people found the following review helpful. Five StarsBy Marian DiamondHappy to find this map and it was in great condition.1 of 2 people found the following review helpful. OK Map - But No Point to Point MileagesBy William S. PerkinsThis is a nice map but there are no point-to-point mileages on the trails. It make it nearly impossible to do any detailed planning and of little use on the trail. It is a good quality map and has fine detail though. The Grand Canyon Trail Map 3rd Edition - by Kent Schulte is a much better mapGrand Canyon Trail Map 3rd Edition. I have both maps and I will probably only carry the Schulte map on my trip to the Grand Canyon.

Coverage includes a Grand Canyon regional overview map, Kaibab National Forest, Havsupai Indian Reservation, Kanab Creek Wilderness, Saddle Mountain Wilderness. Map includes a key to how much experience is required for different areas. Includes UTM grids for use with your GPS unit.Scale = 1:63,360 Size: 26" x 38"

About the AuthorFounded in 1915 as the Cartographic Group, the first division of the National Geographic Society, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking.Today, National Geographic Maps continues this mission by creating the world s best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world. All proceeds from the sale of National Geographic maps go to support the Society s non-profit mission to increase global understanding and promote conservation of our planet through exploration, research, and education.
