Useful for biking in Maine By Bikergram Great help to plan bike routes in Maine. Four stars because it's not been revised in 13 years or so - but not much changes in Maine. I bought it used and it was helpful to plan some day trips in July 2014. Most of the routes are kind of short (25-30-35) but a few are longer. I rode in only a few of the areas but even where I wanted a longer route, it was a helpful start. Also check out the ExploreMaine.org website - Maine tourism department has a lot of fully routed rides with descriptions and turn by turn directions. 19 of 19 people found the following review helpful. Another excellent book from Howard Stone By Gail Drobny I have enjoyed Howard Stone's bike books for Massachusetts and Rhode Island, and as a new resident of Maine am delighted to have an opportunity to enjoy his rides in my new state. As always, Howard's ride descriptions and directions are very thorough and accurate. I especially appreciate the consistency with which he rates the difficulty of the rides. As an avid, but strictly recreational, cyclist, I found this to be an excellent book.

There's no better way to see the real Maine than by bike. Ranging from half-day jaunts to multiday adventures, these tours take you down nearly 2000 miles of Maine's back roads-through weathered lobster ports, past blueberry barrens and gracious Colonial homes, around remote islands and lakes, up (and down!) scenic hills. Included with each tour is total mileage; a detailed map; complete mile-by-mile directions; information on nearby bicycle shops, accommodations, and eateries; and engaging descriptions of the history and culture of each region. "This mile-by-mile guide to touring by cycle includes anything your lungs and legs can manage."

This mile-by-mile guide to touring by cycle includes anything your lungs and legs can manage. -- DownEast magazine We're impressed with the maps accompanying each trip, and the neat set of notes giving bicyclists precise directions and comments. -- Lewiston, Maine Sun Journal About the Author Howard Stone is the author of four other books of bicycle tours, including the new second edition of 25 Bicycle Tours in the Hudson Valley. A graduate of Bates College in Lewiston, Maine, he lives now in East Providence, Rhode Island.
