This is a perfect book for someone new to Arizona like me, but I'm sure locals will get some good use out of it too. The maps and all the extra information are really useful. The color photos are spectacular. Much, much better than other Arizona guides out there. The authors do a really good job of motivating readers like me to get off the couch and try something new. After I bought the book, our first weekend escape was when I took my wife hot air ballooning in Sedona. Then about a month later, my wife and I contacted one of the outfitters listed in the Grand Canyon hiking chapter, and we took a long weekend 4-day

hiking trip down to Havasupai. When we got there, we couldn't believe we're still in Arizona with the beautiful waterfalls and all the incredible scenery. Plus we saved about \$\$\$ thanks to one of the coupons in the back of the book -- this coupon alone paid for the book and then some. Thanks! (Great idea! I figured the least I could do was write a thorough review.)I'm looking forward to the winter so we can go try a weekend of dogsledding... Who would have thought dogsledding in Arizona! Thanks a lot guys. Great book!9 of 10 people found the following review helpful.
