Bob Puhala : 52 Wisconsin Weekends (52... Weekends) before purchasing it in order to gauge whether or not it would be worth my time, and all praised 52 Wisconsin Weekends (52... Weekends):

It didn't arrive till one day before the estimated shipping time expired. I sent the seller two emails with no response. I was a little ticked that the book was from a public library and

still had the checkout pocket in it. It would have been nice if that was disclosed in the description. The book was supposed to be a gift, but I didn't want to give an obviously used book. I gave the book anyway knowing the receiver wouldn't really care, but I much would have rather given a book that didn't LOOK used and still be able to save myself some money. This is my second bad experience out of five purchases with and I am hesitant to use the service in the future. 16 of 16 people found the following review helpful. A "must" for Wisconsin folk
