Good book for a ClevelanderBy LJI had no idea we have so many parks and trails around here! The author did a good job, could be that

a 'downtown hike' is a little much, but then, why not think outside the box? Imaginative, and the hikes so far are beautiful and fun, and it's January/February time, what will they be like in summer and fall??? Can't wait to explore more. 2 of 2 people found the following review helpful. She Missed One? By W. P. Howell This reference book is first-rate. It's well written and thorough (except I believe the author may have missed the Spring Hollow Trail (3.2 miles) in Hampton Hills at the southern end of the CVNP). The 294-page work (second edition) includes comprehensive descriptions, easily decipherable maps and discernible directions. From a reader who uses these trails, Bravo!
