Unfortunately, the book only lists one trail for each location. Double check the websites for additional trail information.2 of 2 people found the following review helpful. Lots in the Hunterdon County area---great ideas and directionsBy K. SullivanWe live in Flemington and there are so many hikes near our house!! Don't get dissuaded since the title says 'Philadelphia'. Great details and parking instructions. We are working our way through the book and have really enjoyed exploring areas we didn't know about even though we have lived in the area all our lives.1 of 1 people found the following review helpful. Informative Hiking BookBy PA ResidentI am a new hiker looking for local and nearby hikes. This book offers exact directions including GPS parameters. Information such as dog friendly, time of year to hike for best scenery and wildlife, topography, mileage/kilometer info., and landmarks are clearly expressed and available to me for planning purposes. I would recommend this book to anyone interested in locating interesting hikes in the specified area.

Eager hikers will find not only well-known and obscure trails, but also in-depth information regarding the region's history. Included are unique features of each hike and authoritative suggestions for fine dining, farmers' markets, lodging, and flea markets. Hikers can also visit historic and artistic towns such as New Hope and Washington's Crossing.
