TOP POSSIBLE SCORE!

This comprehensive guidebook to the Camino de Santiago and its offshoots contains all the information needed by modern-day pilgrims wishing to walk just the final five stages of the sacred Way of St. James. Overview route planners plus daily stage maps and detailed town plans help sojourners with all the advance preparation they need. The maps feature contour guides to help distinguish the terrain that will be crossed each day, while full information on all pilgrim hostels, as well as details for alternative accommodation, allow travelers to plot adequate nightly stopping points. All reference information is accompanied by helpful spiritual guidelines to support the seeker's inner journey as well as the outer pilgrimage. The guidebook also includes the same information for pilgrims wishing to continue their journey all the way to the ocean and back to Santiago via the Muxia circuit extension.
