There are details on little, beautiful spots along the coast that help a navigator get in safely, and enjoy gems.5 of 10 people found the following review helpful. Outstanding resourceBy A

CustomerA wonderful and entertaining resource book. It is filled not only with reference information for the cruising sailor, but geography, advice, local history and accounts of sailing (mis)adventures. Well worth reading for anyone who loves the Northeast coastline - whether or not they have ever entered an unfamiliar harbor, short of food and fuel, just ahead of a storm. 2 of 5 people found the following review helpful. I've been using this guide for 30 years. By Carl FI wouldn't cruise Maine without it. It shouldn't be your only guide as names of stores and such are dated -- but the really great parts are timeless - the same strange current runs past Mt Desert rock and the old fisherman's story about Siasconset Nantucket sinking is still just as wonderful. Read it for the history, the stories, and the character of these special waters.

Here, revised and updated through 1994, is the latest edition of the most complete and authoritative cruising guide to the New England coast, including the Hudson River, Long Island Sound, and the coast of New Brunswick. Helping to make the New England coast safer and more accessible, the "Guide" has been the bible for Eastern sailors and powerboaters for more than half a century, providing valuable up-to-date piloting information as well as a charming historical and cultural portrait of this country's favorite cruising grounds.

About the Author Robert C. Duncan has cruised throughout the New England and Maritime Canadian coasts with his father, Roger F. Duncan, coauthor of the fifth through eleventh editions of the Guide. Robert's son, Roger S. Duncan, coauthored those sections of the Guide that cover Cape Cod and the islands northeast to the Canadian border. Paul W. Fenn, president of Jeanneau America, Inc., a subsidiary of the French boatbuilder, makes his home in Annapolis, Maryland. He grew up cruising the water from Noank to Cape Cod, Martha's Vineyard, Nantucket, and eastward. W. Wallace Fenn, longtime coauthor of the Guide, has visited in his small sloop almost every harbor from Rye, New York, eastward to Narragansett Bay.
