Andre Fichte : A Day In New York mini before purchasing it in order to gage whether or not it would be worth my time, and all praised A Day In New York mini:

A Day in New York: Lifestyle, Fashion and Sightseeing ? a day in pictures and music in this fascinating city. The trip starts at 6:00 in the morning in Midtown and covers all of Manhattan. The tour includes shopping a la 'Sex and the

City', sightseeing in Soho and Greenwich Village, a stroll through Central Park and Harlem as well as visits to museums, restaurants and night clubs - a day full of impressions that ends where it started in Midtown at night. Music CDs: Typical tracks from New York labels and artists are assembled here to create a compilation that is as colorful as the city itself. The spirit of the metropolis is reflected in Jazz, Swing, Soul, Pop, Hip-Hop and Gospel, as well as in recordings by musicians who perform in New York's streets and subway stations.
