Will Ellis : Abandoned NYC before purchasing it in order to gage whether or not it would be worth my time, and all praised Abandoned NYC:

9 of 10 people found the following review helpful. BETTER THAN EXPECTED!By M. E. SchnabelI received Abandoned America: The Age of Consequences for Christmas this year, and loved it. So when I got Abandoned NYC I was a bit disappointed.... It's smaller and thinner (shorter) than AA:TAOC but once I dove into it.... It's far superior. The locations in this book are not the same old "song and dance" they are obscure (to me) places that I've never heard of.... and it makes me want to dive into the internet and learn more about this abandoned places left in the woods of NY. I was super happy to see the place featured in the documentary "Cropsy" (highly rec doc available on streaming Netflix). I am overjoyed to see Grossinger's resort featured in this book, I'm obsessed with long forgotten resorts of the 60s. This book is totally worth it! Highly recommended! The only thing I would have liked... is Bannermann Castle/Island, but more than enough can be found on that place with the internet.2 of 2 people found the following review helpful. New York You Never SawBy TerriIf you love to see old abandoned pics of New York.....This is the book to buy...0 of 0 people found the following review helpful. Great pictures and captionsBy Thomas VereggeAddresses lesser known areas of NYC that have been abandoned. Great pictures and captions.

Every city has its ghosts. From Manhattan and Brooklyn s trendiest neighborhoods to the far-flung edges of the outer boroughs, Ellis captures the lost and lonely corners of the United States most populous city. Step inside the New York you never knew, with 200 eerie images of urban decay, through crumbling institutions, defunct military posts, abandoned factories, railroads, schools, and waterways. Uncover the forgotten history behind New York s most incredible abandoned spaces, and witness its seldom seen and rapidly disappearing landscape. Explore the ruins of the

Harlem Renaissance, sift through the artifacts of massive squatter colonies, and find out how the past is literally washing up on the shores of a Brooklyn beach called Dead Horse Bay. This book is for anyone who's ever wondered what's behind the "No Trespassing" sign.

About the Author Will Ellis is a Brooklyn-based writer and photographer. Since 2012, he's documented the beauty and history of dozens of New York's abandoned spaces, which he posts regularly on his blog, AbandonedNYC.com.
