Richard Saul Wurman : Access Boston 8e (Access Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Access Boston 8e (Access Guides):

0 of 0 people found the following review helpful. Excellent book with an overview of the sights in BostonBy CustomerExcellent book with an overview of the sights in Boston. I have used these books in the past and always love them for their perspective. I realize that restaurants, etc. change and it would be daunting and expensive to constantly update the book. However, if the new editions came out, I would welcome it with open arms.0 of 0 people found the following review helpful. Five StarsBy Peter SeidelExcellent12 of 17 people found the following review helpful. Forget it / time warpBy Eric J NormanDo not buy this book. It is incredibly out of date. It also spends too much ink on the tourist traps that are already well known (e.g., 20 pages on Harvard Square, which is increasingly full of chain stores), and gives short shrift to the neighborhoods that are truly up and coming (e.g., one column on Central Square...which is also increasingly full of chain stores :-(). A big disappointment, since I liked one of the earlier editions so much. I'm not sure what they updated for this edition; they highly recommended a bakery that's been shut down for over six years! Talk about information anxiety....I am a long-time Boston resident, and I bought this book to loan to my guests from out-of-town. Now i'm going to find a book that has actually been updated since the days before "internet". Is there a Rough Guide for Boston?
