I've never seen such a tacky looking book. There are no pictures and that is pretty unusual for a travel book, even though it is a reference-type book. It looked more like a high school report than a book. One star was even a higher rating than I wanted to give it. I will be sending it back!

Step-by-step guide for planning that "Perfect" vacation. Accessible information on air travel, cruises, ground

transportation, selecting the right hotel, what questions to ask, solutions to problems that may arise and accessibility to many wonderful destinations in the United States and Mexico
