Beth D'Addono : Access New Orleans (5th Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Access New Orleans (5th Edition):

3 of 3 people found the following review helpful. Extremely handy guide and terrific maps
By Jay Baer
Just returned today from a week-long trip to New Orleans (my first). This book was an absolutely indispensable resource. Must have checked it 5-10 times per day. The best maps (by neighborhood) I've found in a travel guide, and the concise, informative notes on restaurants, parks and attractions were very helpful. Best plan is to combine this book with another (like Delahanty's Ultimate New Orleans) that contains more history and culture information. Taken together, you've got everything you need. But even by itself the Access New Orleans book is extremely useful. I found the information in the book to be spot on in every case, and it's so easy to use it makes you want to refer to it more...

With Access New Orleans, your visit will be an easy, enjoyable experience -- the French Quarter, the Garden District, and the city's myriad excesses are laid out for your pleasure. New Orleans has been divided and organized by neighborhoods, so you know where you are and where you're headed. Unique color-coded and numbered entries allow you to discover the best: Hotels Restaurants Attractions Shopping Sights Parks and Outdoor Spaces Large, easy-to-read maps with entry numbers keyed to text ensure that you will instantly find what you must not miss. Access is your indispensable walk-around guide to New Orleans. Our writers, who live in and love the city, will lead you down the delightful streets of each neighborhood, sharing the colorful sights, pointing out the decadent haunts, and showing the splendor and debauchery that only New Orleans has to offer.

About the Author
Access Press is a team of writers from across the United States that travel frequently, and know what you want and need from a guidebook and what you don't like and don't need.
