**Louise Weiss : Access to the World, 1983: A Travel Guide for the Handicapped** before purchasing it in order to gage whether or not it would be worth my time, and all praised Access to the World, 1983: A Travel Guide for the Handicapped:

2 of 2 people found the following review helpful. Not a bad book, but it's too dated to be of much value.By A CustomerThere needs to be a good book written about accessing the world by the physically handicapped, unfortunately this one is not very current. While it has a lot of information, most of it is so general it is of little use. If you are an adult who became handicapped yesterday and have never travelled anywhere, you may pick up a tidbit or two. Otherwise, don't bother.

Book by Weiss, Louise
