Kristin Visser : Acorn Guide to Door Country before purchasing it in order to gage whether or not it would be worth my time, and all praised Acorn Guide to Door Country:

7 of 7 people found the following review helpful. Excellent GuideBy A CustomerThis is an excellent little guide. It has everything you might want in a travel guide: background information, nice descriptions, information on what to

do, where to stay, where to eat, etc. It also short, well written and easy to read and carry around with you. What more can you ask for?! In my opinion, this guide is much better than "Exploring Door County," which I found to be repetitive and, in the end, not very useful. 10 of 10 people found the following review helpful. Acorn Guide to Door County By A Customer This book has information on where to stay, to eat, to shop, etc. in Door County. This book offers a huge amount of information. I also ordered Exploring Door County by Craig Charles, I liked this book better. Exploring Door County has Door County history, information on County and State parks, hiking and bike trails, and places to visit that I did not know existed in Door County.

Book by Visser, Kristin
