**Tim Bewer, Tim Brewer : Acorn Guide to Northwest Wisconsin** before purchasing it in order to gage whether or not it would be worth my time, and all praised Acorn Guide to Northwest Wisconsin:

4 of 4 people found the following review helpful. Not so goodBy Mike AndrewsThe area reviewed is one of the most beautiful in Wisconsin. However the book had no pictures. Maps would help orient one to where they actually are in the area. Descriptions of places ommitted important information. An example was the description of Hotel

Chequamagon - the book omitted the fact that this hotel is located right on the shores of Lake Superior. Price ranges for all lodging, eateries, etc. would be a help. There were no website addresses. With some updating this would be a much better reference for this lovely place.
