**From Adc the Map People : Adc Washington D.c. Bike Pocket Map** before purchasing it in order to gage whether or not it would be worth my time, and all praised Adc Washington D.c. Bike Pocket Map:

0 of 0 people found the following review helpful. Indispensible for a cycling visitorBy Elizabeth J. TaylorEssential info for the touring cyclist trying to make sense of the Imperial City. Some of the laconic notes, like "for the experienced cyclist comfortable in traffic" are to be take seriously. This is not strictly for the recreational cyclist, but also for a beginning commuter, etc. Most of the info on this map is available elsewhere in bits and pieces; the thing here is that it's gathered in one concise foldable resource. The map itself is nicely produced on pretty decent paper which appears to be (didn't test) somewhat weather resistant.
