Plenty of complaints by the author about his pay and benefits throughout the year. A tremendous disappointment. I expected much better. 1 of 1 people found the following review helpful. Joe is the man! By BOSOX671/ Charlie George Not only can Joe Castiglione entertain us on the airwaves all summer long, but he can entertain us with his books all winter! Thanks Joe! By the way I have a marketing idea. Why not call the Tylenol or Pepto people for commercial opportunities Joe? I can hear it now... "I have a headache!... Tylenol.. CAN YOU RELIEVE IT?" Just a thought. Happy Holidays 2012 to all! 1 of 1 people found the following review helpful. a fan's perspective If you love baseball and especially By Sue Ellen If you love baseball and especially if you love Red Sox baseball, ready this book. I've spent most of my adult life listening to Joe and one or another partner tell me what's happening on the baseball diamond, this book brought back a lot of wonderful memories.

Joe Castiglione is one of a few select announcers whose voice harkens fans back to the home field of their favorite team. After 30 years, his commentary has become as much a part of Boston Red Sox lore as the Green Monster, the Pesky Pole, and Yawkey Way. In this chronicle, the beloved broadcaster offers his insider account of one of the most dominant baseball teams of the past decade from the heartbreaking 1986 World Series and the turbulent 1990s to the magical 2004 American League Central Series and World Series, the 2007 championship season, and the state of the team today. Castiglione takes fans behind the microphone and into the champagne soaked clubhouse, hotels, and back rooms where even media had no access, and recounts such tales of his tenure as his friendship with Pedro Martinez and what it was like to ride in the Duck Tour boats during Boston's victory parades.
