**Johnny Molloy, Elizabeth F. Carter, John Pearce, Lou Glaros, Doug Sphar : Canoeing and Kayaking Florida (Canoe and Kayak Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Canoeing and Kayaking Florida (Canoe and Kayak Series):

3 of 3 people found the following review helpful. ExtensiveBy Jim FrommMost travel adventure books read like they have been prepared by the Chamber of Commerce, all glitz and no gravity. This book, on the other hand, was cram full

of useful and hard to find information, which no one could provide who had not experienced it personally. My wife and I are taking the advice offered and using this as a valuable resource when planning our excursions.4 of 4 people found the following review helpful. Buy this one in print!By Timothy P. JenneyThe content is excellent, but I cannot recommend this as an e-book. It's supposed to be a guide, region-by-region, to the rivers and waterways in Florida. However, there is no Table of Contents, nor any other way to navigate to specific regions or waterways. Whoever converted this to an e-text did a lousy job. Save your money. Buy this one in print. I returned mine for a refund.2 of 2 people found the following review helpful. Best Florida guide book I've foundBy Mark SargableBest Florida guide book. It really gives you what you need to paddle each place. This is my third copy purchased to share with friends. Great info on the best places to paddle!

Completely updated, Canoeing Kayaking Florida, 2nd Edition, is the most comprehensive guide to the best of Florida's unique streams, springs, creeks, and rivers. Engaging and concise, this all-encompassing guide spares readers encyclopedic fluff in favor of practical information, and includes expanded regional maps and revised river maps.

concise descriptions of take-outs and put-ins, water gauges, rapid class, level and gradient Ocala Star BannerThe waterways of the Sunshine State have never had a better paddling advocate. most important distinction of this new publication is its maps... clearly superior to those found in most other guidebooks.SweetTea journal
