Great book for paddling in New York state By demers669 Recently I picked up this book, adding it to several I own in regards to paddling in New York state. It has excellent guides to over 50 trips you can paddle by canoe or kayak. Even if you have other guide books on paddling in New York state, be sure

to add this to your collection. Each trip has a very clear map and directions for put in and take out. I found some streams and rivers that are on my list for this coming year. 1 of 1 people found the following review helpful. This will add to your waterway experience. By Ken This book will introduce you to Upstate areas, as well as local Long Island. Very informative and has info and details of other places, of which we have many! As you can see, I have several different resource books! You should also! Ken 0 of 0 people found the following review helpful. Recommended By JS. Great book for finding paddles beyond the usual local places.

Canoeing and Kayaking New York includes descriptions of 50 of the best trips on New York's dozens of rivers. Along with runs for both experienced paddlers and novices and profiles for both over-nighters and short, round-trip day paddles, this book contains all the information necessary for a safe, enjoyable trip. Kevin Stiegelmaier combines information about tides, river gauges, GPS waypoints, and maps with personal anecdotes, historical trivia, and descriptions of local plants and animals, sprinkled with a touch of humor.
