**Jimapco : Cape Cod Quickmap** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cape Cod Quickmap:

The folds did eventually break down after lots of bending and folding during our trip. Great for overall look at where you are. I did not give this 5 stars as many streets were marked but not named and we did end up needing that level of detail when driving off the beaten path. So, if you are that type of traveler, might want more of a street map. If not, this one will do fine.0 of 0 people found the following review helpful. Save your \$.By Linda HendersonWaste of money, as far as I can tell. I thought it was going to have more detail. Could have gotten the same thing on-line for free.0 of 0 people found the following review helpful. It's a great map!By SARA MORRISJust returned from Cape Cod and wanted to see where and how far we went. It's a great map!

Plastic coated, foldable map of southeastern Massachusetts with detailed insets of the Cape Cod area, Hyannis, Provincetown, Nantucket and Tisbury. Indexed for communities and points of interest
