2 of 2 people found the following review helpful. Incomplete mapBy scooper47It is not at all clear from the title of this map that it includes only the central portion of the Cape. No Bourne, Sandwich, Falmouth, Truro, Wellfleet, Provincetown, or Hyannis. The list of towns is included in the image on the cover; good luck reading it.2 of 2 people found the following review helpful. How can you call this a map of Cape Cod?By Jennifer AustinThe description does not state that there are only a few towns on the map. I need a map of Falmouth and it's not even on this map! It just has the middle part of Cape Cod, which is really stupid because you have to drive through the lower cape to get there!1 of 1 people found the following review helpful. DeceptiveBy Neil J. LairdCape Cod Massachusetts MapThe product that ships is different from the one shown in the picture. It does not include all of Cape Cod and should be entitled - Central Cape Cod.\ should fix this problem

This is a detailed map of the Cape Cod area, Massachusetts. Complete coverage for the cities and surrounding areas, with an inset map for downtown. Plus most major tourist and business districts. When you flip the maps over, you will find a complete street index and a "city and vicinity" map of the entire metro area
