James Kavanagh, Waterford Press : Cape May Birds: A Folding Pocket Guide to Familiar Species in Cape May County (A Pocket Naturalist Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cape May Birds: A Folding Pocket Guide to Familiar Species in Cape May County (A Pocket Naturalist Guide):

1 of 1 people found the following review helpful. Perfect for use while birding in the Cape May, NJ area By Richard D. Wolfe I carried this pocket guide on a Road Scholar birding program in Cape May rather than carry a heavy birding book. It was easy to carry and use as it includes most of the birds usually in in the Cape May area. 1 of 1 people found the following review helpful. A Quick Look By Marguerite These folding guides are great. We keep a couple in the glove box. They list the chief markings in a few words along side a picture of each species. Good for quick glimpses. 0 of 0 people found the following review helpful. Five Stars By John E. Henshall A very nice bird book for that area. Make sure you are there when a migration season is present.

Cape May is world famous for its rich diversity of bird life. Fall migration at Cape May ranks as one of the most rewarding birding adventures in the country as millions of birds pass through the area including tens of thousands of hawks (it is the premier hawk-watching destination in the country). This beautifully illustrated guide highlights over 140 familiar and unique species and includes a regional map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

About the Author Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution. With 650+ titles in print and 6.5 million copies sold, Waterford Press publishes the largest line of folding-format reference guides in the industry. Our mission is to connect people to the natural world by making knowledge about wildlife identification, outdoor recreation, travel, and safety and survival skills accessible to a wide audience.
