I've only checked one item so far, but the info was well organized and easy to read.1 of 1 people found the following review helpful. Getting Around BostonBy timetraveler02138Always leave this excellent, complete guide for my guests who are better off without a car in Cambridge/Boston.7 of 7 people found the following review helpful. Car-Free in BostonBy Wooden ShoeThis is an excellent guide on how to go places in Boston and surrounding area if you don't have a car. It covers The T, buses, ferries and trains as well as how to get to the many airports in the surrounding area. There are many maps showing routes and a section on destinations telling what T, bus or train to take to arrive there. Any new comer will find it invaluable.
