Cities are lined out and there are detailed instructions on how to make your cruise special, what's expected of you and what you can expect of the cruise staff. If you are going on a cruise anytime soon this book will be your best friend for a great experience. I especially like the large fold-out map, I took it out before the trip and put it up on the family room wall so the whole family could all check it out.0 of 0 people found the following review helpful.
