Tricksters.Pretty outdated. I guess you get what you pay for3 of 3 people found the following review helpful. Colorful cruise bookBy Lawrence H. OswaldThis is a physically heavy but informationally lightweight guide for cruising in the Caribbean. It is good but not great. We found it only slightly useful, preferring the Insight Guide Caribbean Cruises for more content and especially the "Cruising the Eastern Caribbean" more suitable to our nature oriented tastes. The latter book covers only EASTERN islands.0 of 0 people found the following review helpful. loved itBy lrylandI live in Australia and you can look in numerous book stores and still not find a book as specific as this one for our upcoming cruise. I like they way it is simple to find the ports we will be visiting and departure port. It provides information that otherwise I would not be able to find. I loved it!!!
