By Stephen B. Pickering
If you're looking for a comprehensive and informative guide to Caribbean ports, you won't go wrong with this guide. You can save money by avoiding the cost of ship-sponsored shore excursions, and you'll be more informed when you reach your destination. Anne Vipond provides a good outline of information for each port, including ideas for unique or interesting activities for that location. There is plenty of information about availability of taxis, public transportation, and ways of getting to specific places. There is also a map of most port locations that will allow you to develop your own walking or taxi tour. The "Best Beaches" section for each port identifies your best bets for sun and sand. This guide book is well-organized, very readable, and small enough to carry with you in a purse, belt pack, or back pack (not small enough for most pockets, however). Highly Recommended!

The most popular cruise destination in the world, the Caribbean is the first choice for every traveler dreaming of warm sand and sun. But this tropical cruise offers much more for those looking beyond a quiet beach and a beautiful island. With a rich culture, fascinating history and a range of attractions, the Caribbean Sea draws cruisers back again and again. In addition to exploring local sights in editorial detail and photographs, Caribbean By Cruise Ship makes it easy for readers to pursue activities such as golfing, diving, hiking in rainforests, birdwatching, and some of the best duty-free shopping in the world. Whether you are considering a ship organized shore excursion or setting off by yourself, this new edition will help with information on getting around the ports and islands including local cab fares, rental car suggestions and public transportation options. Detailed maps pinpoint where the ships dock, where the best beaches, diving sites and golf courses are and which ports are best to set out on foot. With over 450 photos, maps and illustrations, Caribbean By Cruise Ship is the perfect companion to take along on this beautiful cruise. Includes giant color pull-out map.
