**Robert Carter, Daniel Ford : Carter's Coast of New England** before purchasing it in order to gage whether or not it would be worth my time, and all praised Carter's Coast of New England:

1 of 1 people found the following review helpful. 19th Century AdventureBy Craig J WinceThe story of a sailing trip off the coast of New England in the 19th century as told by a known author of the time. This is a day to day journal of life aboard a schooner in a simpler, yet at times, more complicated time. A great read and certainly one for the fan of old wooden craft such as the proud schooners of the 1800's.
