0 of 0 people found the following review helpful. Pretty Easy HikesBy Ron AI thought there would be some challenging stuff in the book but not hardly. Perhaps, 2 or 3 of the hikes combined would make a worthwhile trip up there. It is well written and clear.3 of 3 people found the following review helpful. appears to be a good hiking guide bookBy RBWe bought this guide as we plan to do a lot of hiking in the Catskills while on vacation. It was suggested on the local hiking club's web site along with a set of maps to go with it. My wife says that it gives us the details we need to decide where we will walk and what we will do.1 of 1 people found the following review helpful. Five StarsBy Zachary JamesItem as described.
