A Most Engaging work about Texan's Love of Ranches.By A CustomerThis book provides a personal and engaging look into the lives of some of the wealthiest and most private ranches in Texas. Anyone who has an interest in the Mystique that IS Texas will love this book. This book provides a look at the "real world" of Texas ranch life--it is a history of a fading tradition of true ranching that has made Texas what it is today.3 of 3 people found the following review helpful. Cattle Kings gives the clear perspective of a Texas-InsiderBy A CustomerThis is a must have book for any person who is interested in Texana. It is very represetative of most of the regions of the State, including South, Central and Coastal Texas. Please note: Do not buy this book if you only want to read about the King Ranch.2 of 3 people found the following review helpful. Engagingly Texas! A fun and interesting read.By A CustomerWhat a tragic loss to all Texans (and those who want to be) that Dian Malouf's book "Cattle Kings" is out of print. It's witty, historically correct and an obvious work from the heart. Please reprint this classic cowboy delight!
