David W. Francis, Diane DeMali Francis : Cedar Point (OH) (Images of America) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cedar Point (OH) (Images of America):

2 of 2 people found the following review helpful. Beautiful book on the best amusement park in the world. By Brian P.5 star book. Excellent cover on the book tells you this book is about the great days of Cedar Point over the years. Book gives lots of info from the start of Cedar Point in the 1800's thru the 1980's. This book is an absolute must have for any dedicated collector of Cedar Point items. Lots of photos give a rare look at days gone by and rides and attractions that were at Cedar Point over the years. I always liked a lot of the older rides, etc. that are no longer there so this book brought back a lot of memories for me. I highly recommend this book. Its very well composed and

written. Thank you to the authors for their excellent work in making this book. 1 of 1 people found the following review helpful. ... photos as I was hoping for but still a good read on the history of Cedar Point By Sharon Riley Not as many photos as I was hoping for but still a good read on the history of Cedar Point. 0 of 0 people found the following review helpful. Five Stars By Customer very good book for those who are a fan of cedar point. it's a great read.

In 1870, Louis Zistel began ferrying passengers from Sandusky to the Cedar Point Peninsula's beer garden and sandy beaches. In 1888, the Grand Pavilion was built, housing a massive theatre, bowling alley, photographic studio, and kitchen, and shortly thereafter, the resort's first roller coaster was installed. George Boeckling transformed the resort into a self-sufficient city and amusement park, but the park suffered badly in the 1930s economic depression. However, after Cedar Point changed hands several times in the 1950s, it became one of America's leading amusement parks. Today, the park is best known as the world's largest amusement park and the "Roller Coaster Capital of the World."

About the Author David W. and Diane DeMali Francis are members of the National Amusement Park Historical Association and American Coaster Enthusiasts. They have authored six books on amusement parks, including the Arcadia titles Ohio's Amusement Parks and The Golden Age of Roller Coasters.
