**Inc. Arrow Map : Central/Eastern Connecticut Street Atlas (Official Arrow Street Atlas)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Central/Eastern Connecticut Street Atlas (Official Arrow Street Atlas):

Also, advertised as used in GOOD condition, received in POOR condition with writing within pages AND torn covers. 0 of 0 people found the following review helpful. Connecticut - Here I come By S Lynne I will be vacationing in Connecticut in the near future and needed a detail map of the State. this will be of great value. 12 of 12 people found the following review helpful. NOT the map for a road

warrior or travelerBy CustomerTrying to navigate across the state with this is impossible. Rather than a standard atlas - where the end of the page helpfully says "continued on map xx", this is organized alphabetically by town - and in many cases the map doesn't even hint at where you should look as your road runs off the page. Strangely, although owned by the same parent company - American Maps uses this poorly organized way, while Hagstrom Maps are easy to follow and use.

FIRST EDITION: Street Atlas including individual community coverage of Hartford, Middlesex, New London, Tolland, Windham Counties. Full color presentation with individual maps of 94 communitites included on each page is the related street index. Atlas also includes and Eastern Connecticut road map and a Downtown Hartford Street Map.
