Cleverly written, entertaining to read full of useful info By A Customer This Chicago travel guide is fun to read and will get you excited for your upcoming trip. It is broken down into useful chapters (ex. Dining, Notable Potables, Shopping, etc.), with entertaining entries (Best hotel that's crazy about Chicago, Best club where both the food and the music are "hot"). This is one of the best Chicago travel guides available, and it is especially great for lovers of Chicago who return again and again wanting to discover a new, wonderful aspect to "our kind of town." 1 of 1 people found the following review helpful. Invaluable By Gill Bates Five years later and most of the places in this book still rank right up there.

Dip into this wonderfully eclectic collection of best-kept secrets - expanded to reflect the many new attractions that have found a home in Chicago.
