By Ron Stephens
There are three diaries, each kept at the direction of the Ohio Co. leadership. Gist was a land scout charged with finding the very best land. His journal is bare bones. Best feature of this book is the great many citations, esp. to original documents, and also a biography section. Gist also gives distances and directions so his trips can be plotted but this edition is footnoted for the 19th century landmarks.

Wonderful opportunity to read these important American documents without the cost of the rare books we can't afford

I found this fascinating through the first 8 percent after which the book went automatically to Rate This Book. This sort of service makes me seriously consider getting off Kindle e-books.

Excerpt from Christopher Gist's Journals: With Historical, Geographical and Ethnological Notes and Biographies of His Contemporaries
In August, 1716, Governor Spotswood, of Virginia, with a company of about fifty persons, gentlemen, rangers, Indians and servants, made his famous transmontane expedition of discovery.
