Jones : CITG to New Orleans (The Complete Idiot's Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised CITG to New Orleans (The Complete Idiot's Guide):

2 of 2 people found the following review helpful. Generally good overview, but missing detailsBy Steve MarkWe found the book to be a good start for planning our New Orleans trip, and once there, a good reference for addresses, phone numbers, and basic services. It falls short on some of the details, such as not even mentioning Tipitina's or some other well-known places that we found recommended in other sources (yes, I know it isn't totally comprehensive, and maybe it's just a little out of date). The reviews and advice were right on. We used several walking tours we got from

out travel agent, as well as a review in an American Airlines magazine as a guide, and between the three of them we had a great vacation. Also, NO is quite spread out, so an index or something by area (French Quarter, Garden District, Metairie, etc.) would have been very helpful. 12 of 14 people found the following review helpful. This book really is for idiots...By A Customer I thought the title of this book was a joke. It's not: this book really is for idiots! I can do without all the silly worksheets for picking a hotel or deciding on an airline, or advice on what to wear on the plane or how to pack my bag! And this goes on and on, page after page... The type of information I do want (New Orleans' history, culture, etc.) is very limited. The book is full of hints on how to save money. Well, here's mine: don't buy this book and save \$12.76! Get a Lonely Planet Guide or The Haunted City by Joy Dickinson (specially for Anne Rice fans), which is great fun to read and really gets you into the right mood...4 of 4 people found the following review helpful. Writer really knows his stuff By A Customer The author is also a cab driver in New Orleans (and has his own web page), and he really knows his stuff. It's obvious that he had to constrain his enthusiasm and knowledge to conform to the "Idiot's Guide" editorial format. Vast compilation of street smarts and long-time resident information is contained in this book. I used it before the trip, and brought the mini Rough Guide on the trip, and had a great-and-safe time. This is a city that you don't even want to look lost in, so use these two books and you'll be fine.

c Quick Easy Guidance so your customers will have more time to enjoy their trips and less time to rummage through pages of useless information. Heavy use of dynamic icons, maps, and indexes expertly developed by our Frommer's travel staff. c Idiot-Proof Instructions so your customer will know when to go where and why, all without the stress of wondering, "Will I get burned?" c Down-to-Earth Advice detailing the location by sights, hotels, restaurants, do's and don'ts, tourist traps, and time- and money-wasters to be avoided! Our new Complete Idiot's Travel Guides have the advice and opinions that matter for the perfect idiot-proof trip.

About the Author "Big" Ray gives you his advice and opinions straight. From a man who knows New Orleans like the back of his hand. "Big" Ray has been living in New Orleans his entire adult life.
