**Samuel M. Caggiula, Beverley Brackett : City in Time: Washington, D.C.** before purchasing it in order to gauge whether or not it would be worth my time, and all praised City in Time: Washington, D.C.:

0 of 0 people found the following review helpful. Needed some proof reading but a good reference! By daniel r. walton Great book to acquaint readers with the historical perspective of monuments and architecture in Washington DC. One sad mistake is found on pp 54-55 where the description does not match the pictures shown of the U.S. Marine Corps War Memorial (Iwo Jima flag raising during WW II in the Pacific). Description is for the Korean War Memorial and no pictures are provided of this Memorial.'

From the Capitol building, home to Congress, to the Gothic revival style Smithsonian Castle, Washington, D.C. is an intriguing city. It's the home of countless historical sites, incredible architecture, and beautiful art and monuments. There's something special to see at every turn, and this fascinating volume presents the very best, as it is now and as it was back then. Step into the Hirshhorn Museum, designed by architect Gordon Bunshaft to resemble a large piece of functional sculpture. Gaze at the Lincoln Memorial, where Martin Luther King Jr. gave his I Have a Dream speech. Visit D.C.'s spookiest places, including the perhaps haunted Hay-Adams Hotel. Every spread is both attractive and enlightening.
