Eric Hiss : City Walks: Los Angeles: 50 Adventures on Foot before purchasing it in order to gage whether or not it would be worth my time, and all praised City Walks: Los Angeles: 50 Adventures on Foot:

1 of 1 people found the following review helpful. Must have for newcomers By Customer I have been in L. A. for only a year but thanks to these cards I have seen more of the city than many natives. The walks are in the most beautiful parts of the city and help ou discover a better side of Los Angeles 2 of 4 people found the following review helpful. A nice idea but poor execution By D. Wilkie The maps aren't very good at helping one find the beginning of the path and they leave a lot of useful information out. The cards are a good idea but they're also easy to damage. I wouldn't suggest buying this product. 4 of 4 people found the following review helpful. LA great for walks By Meera M With LA being so spaced out, it's difficult to know where to go unless you know someone there. This book helped me find some great

walks during my few days there... I found a whole new way of exploring Los Angeles, which I would never otherwise have even known. Will definitely carry it next time I'm there!

Who says nobody walks in Los Angeles? Skip the bumper-to-bumper traffic and discover the real City of Angels. Walks include: - Rodeo Drive - Hollywood Boulevard - Venice Boardwalk - Griffith Park - And more!
