**Universal Map (Firm) : Cleveland/Cuyhoas Atlas** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cleveland/Cuyhoas Atlas:

Conveniently sized, this one color StreetAtlas covers Cleveland and Cuyahoga County. Found with this atlas are an index to map pages, a Downtown Cleveland Map and a Northeastern Ohio Area Map. Featured with this map is full city and community indexing, airports, hospitals, schools, government buildings, shopping centers, parks, golf courses, industrial parks, and cemeteries. Travel routes include Interstate highways, U.S., state highways, and all others. Railway systems are shown and there is a distance scale measured in miles, feet, and kilometers. Prominent on several of the maps is Lake Erie. Points of interest such as parks, cemeteries, and zoos have different shading and patterns to

differentiate them from the rest of the map.
