Jennifer Stoffel, Stephen Phillips : Cleveland Discovery Guide (Discover the Best Family Recreation in Greater Cleveland) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cleveland Discovery Guide (Discover the Best Family Recreation in Greater Cleveland):

0 of 0 people found the following review helpful. Great, comprehensive guide
By Gina Stivahtis Lowe
This is the best, most comprehensive guide book I've ever seen. I am extremely familiar with Cleveland events, and yet can always find new information and new places to discover. The only downside is that the last update was in 1997. There are MANY places listed in the guide that no longer exist. If you buy this book, please call the places first to make sure they are still active.

With the Cleveland Discovery Guide in hand, parents will never run out of ideas for a fun family outing. It describes in detail 365 days' worth of parent-tested and kid-approved activities in Greater Cleveland, Akron, and beyond. Written by parents for parents, it tells exactly what they'll want to know: What age children will enjoy it? Are strollers allowed? What's the cost? Any discounts? Is there food nearby? When is the best time to go? How do we get there? And other important stuff like that. The information in this book can save parents years of trial and error, hundreds of phone calls, and countless hours of driving around. This new edition of the Cleveland Discovery Guide adds 20% more listings, including the latest attractions, such as the Rock and Roll Hall of Fame, Great Lakes Science Center, and Inventors Hall of Fame. Expanded to cover Akron, OH. Now includes travel directions. New idea index. Completely updated pricing, hours, and features information. Latest phone area code information. Handicapped access and birthday party availability information are added.

From Scientific American
This guide highlights everything that's great for families in the Northeast Ohio area.
From The New Yorker
With its maps and short, info-packed entries, . . . just reading the Cleveland Discovery Guide is a terrific introductory vehicle for kids to learn northern Ohio's history, geography and significant attractions. The most satisfying guidebook to the city . . . Polished . . . Well organized . . . A staggering 350 listings -- The Plain Dealer, May 3, 1997
