The surprise for me was that the Gazetteer arrived with the cover detached. This could have happened as a result of shipping and handling. Cover detachment is a common problem with these publications so I have no trouble living with this unexpected condition. Benefit of doubt goes in favor of the shipper!1 of 1 people found the following review helpful. PerfectBy XlibrisThis edition is older, but all recipients say it is far superior to the

newer ones, so I ordered it and was fortunate to get this copy. It is Perfect for my needs. Mapping is clear and has markings the newer ones omit. I am very happy with this and my son will love it as he goes out there and bikes through the mountains. Thank you very much for having this copy and sending it to me. 0 of 0 people found the following review helpful. Four Stars By GM Helped navigate through the state Good Atlas
