Philip N. Jones : Columbia River Gorge: A Complete Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Columbia River Gorge: A Complete Guide:

1 of 1 people found the following review helpful. though somewhat antiquated...By John H. Rowe Published in 1992 and I'm guessing the photos (all BW) from that era - the information I'm sure remains true, and since what I wanted was a "guide" it will do nicely. Maps within are fine enough as trail-map. "The Mountaineers" is beyond reproach as publishers.

Information on biking, cycling, windsurfing, boating, camping, and more.
